

Countryside Christian Church Profile

We are a non-denominational independent Christian church that has a small church feel. Our average attendance runs about 175, including the kids. We are composed of a mix of cross-generational people who enjoy Biblical teaching and education. Currently, we have a Saturday night service and two services on Sunday mornings. Our congregation is loving and generous with their time, talent and giving.

We currently support 10 missionary ministries globally and are debt free. Currently, we are in the middle of a building campaign for a Christian Life Center. So far, we have been able to raise 40% of the needed funding to realize this goal. Having this center will expand our ability to reach out to our community.

Our staff is experienced and able to think outside of the box and have come up with creative ways to still do preaching/teaching even with COVID lurking. Besides our services, we have Sunday school for all ages, an active Youth Ministry, and Wednesday evening classes for all. Each year we have Vacation Bible School and Trunk and Treat.

We are in Christian County, the fastest growing county in Missouri and strategically located between Ozark and Nixa. In our area there is great enjoyment of outdoor activities including hunting, fishing, and especially Golf.

Thank you for checking us out. We are praying for God to lead His servant to this church family.
